Donor Pen Sketch

Donor 1900

I am an only child and grew up on a sheep farm [REDACTED]. I had a lovely childhood, enjoying the freedom of the countryside, climbing trees and camping outdoors.

I was quite academic but also liked rugby and swimming and was competitive at both. My favourite subjects were science and history.

I decided to study medicine and have nearly completed my training as a physician caring for older patients. I love my job and the people that I work with.

I love to read and my favourite novel is The Count of Monte Christo. My favourite hobby is fly fishing and I love hiking and the outdoors.

I am spiritual and have a happy go lucky outlook on life. I love time with my friends and family and having a good laugh.

I want you to know that I am honoured to have the opportunity to help someone have a child. The fact that you are here, means that you are very loved and precious to your parents. I hope that you have had a wonderful childhood and are looking forward to your life after school. I want you to remember not to take everything so seriously, all the time. Enjoy time with friends and family, really enjoy the journey and don't get too caught up with the end goal. Try to help people and be kind, it really goes a long way. I want you to chase your dreams, no matter what you decide to do in life.
